The PILLS are mild in their operation and prompt in removing from the system those impurities, which are the inivariable source of the endless varieties of blesses, and may be used in every complaint without the advice of a Physician, and will ere long supersede all others as a Farnily Medine. They need but the TRIAL to convince the most sceptical of their safety and their utility.

The HyGEIAN ELIXIR is a delightfully invigorating Cordial, palatable to the taste, and never fulls to almost immediately restore the energies of the System when exhausted by Disease, or by the most delicate Females and Children with entire confidence and safety.

By the timely and judicious use of the FILLS and HyGEIAN ELIXIR, Dr. Bates is convinced that Disease may be often prevented and always readily cured i and thus by avoiding the protracted service of Physicians and their expensive and nauseating remedies, not only time but money may be seed.

THE ORIGINAL and ONLY GENUINE WISTAR'S BALSAM OF WILD CHERRY was introduced in the year 1838, and has been well tested in all complaints for which it is recommended. For ten years it has proved more efficacious as a remedy for Coughs, Colds, Influenza. Bronchittis, Astima and Consumption, in its incipient staces, than any other medicine.

What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in asying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and so strong, that time cannot destroy it. The success which has attended this medicine for several years past has overcome the prejudices of all respectable men, and the article has taken a stand among the first class of discoveries and blessings of the ago; and when resorted to in season eradicates the disease for which it is recommended.

It is perhaps but an act of justice to the proprietors of WISTAR'S Balsam of Wild Cherry for us to say that our personal experience in the use of this article has impressed us most favorably. One of the proprietors of The Traveller was entirely cured of a severe cough of four mounts continuance, by the use of this Balsam , and several of our friends and acquaintance, who have tried the article, have found it of great service in relieving them of severe coughs and shortness of hreathing, with which they had been afficted.

Invaluable Discovers—Care for Rheamatism.—About one year age, we referred to Dr. Moutmore's Rheamatis Compound as being a most invaluable remedy for the curing of his dreadily complaint. About that time Dr. M. established a Medical Depit in this city, in course to mit should be his reverence arread on the manufacture of his medicine. His first seem of pumblets contains endonce at the virtues and whis such you his medicine from many of our not citizens. Since that time the Doctor his probably been as busily and as extensively empseds any other man in our city. The virtues of his medicines having been thoroughly tested and proven satisfactory to the community of large, he has had little due to do except to attend to his laboratory and his professional engagements.
